XCom Global's Unlimited aXcess plan provides international travelers with unlimited data usage and the freedom to wirelessly roam abroad with a fixed daily plan rate in selected countries* around the world. Designed for overseas travelers who are accustomed to having data access at their finger-tips, the Unlimited aXcess plan will support your data access needs outside the U.S. without having to return home to excessive international billing statements many travelers encounter after using either the data roaming plan from their U.S. carrier or purchased one from a foreign provider.

Key Features

- o Cost savings plans that significantly reduce data connectivity phone roaming charges
- o Connect in more than 40 countries around the globe, almost anywhere and anytime
- o Unlimited fixed daily rate plans
- o Connect up to 5 Wi-Fi enabled devices simultaneously
- o Access high-speed internet with speeds up to 7.2Mbps download and 5.76Mbps upload
- o No long-term contracts and no surprise phone bills
- o Integrated Micro SDHC slot that supports a storage capacity of up to 16GB
- o No wires or cables necessary, compact and sleek

Key Benefits

- o Freely roam in any select regions across the globe, from Asia to Europe
- o Use as much data as you require daily and know how much your paying each day
- o Share your mobile hotspot with up to five users accessing your Internet connection at the same time, saving you and your co-workers or friends multiple usage cost
- o Surf the web, download files and music, swap and share photos, manage email and more at 3G speeds
- o Up-front standard daily fixed prices with no long-term commitments, pay as you use
- o Store additional files through Micro SD card and transfer to other devices
- o No hassle of carrying wires and cables to connect devices when traveling
- o One-device ready to go that fits in the palm of your hand
